7 The Financial Department was not consulted before the issue of Government order of 21st April 1919. No financial objection to the Municipal Council's proposals to raise a loan at 6 per cent and to moiety of the excess cost viz, 31267 being sanctioned -- provided arrangements are made to set apart funds for repayment of the loan by means of a sinking fund and for payment of annual interest. In his letter of 25th March 1918, the President of the Municipal Council stated that provision for the extra expenditure on account of interest and for forming sinking fund can be made by levying terminal taxes &c. How far -- additional revenue from taxation has been increased or expected to be increased is not stated. The point may be settled before finally approving of the draft prospectus.

Through:-
The Deputy Commissioner,

Sir,

With reference to Government Order No. 13379-80 Ml 127-17-10 dated 21st April 1919 sanctioning an estimate for Rs 1,02,622/- for the improvement of the Shimoga Water Works, promising a moiety of the excess cost involved in the present estimate and requiring the Municipal Council to raise a loan towards meeting the Municipality's share of the excess amount, I have the honor to state that the rate of interest has to be settled

In Government Order No 2395-7 Ml. 44-17-4 dated 30th October 1917 which sanctioned the raising of a loan of Rs 50,000/- for carrying out the drainage works in this Town, the payment of interest at 6% was authorised.

It is very necessary that both the Drainage and the Water works loans should be on the same level. I therefore request that this Municipality may be authorised to raise a loan for Water works by the issue of Debentures at 6 %, as resolved upon by them at the meeting held on 25th February 1918. A copy of the resolution is sent herewith for ready reference
